RE: Quick-start promoting community beautification

Dear Benefactor,

The purpose of this letter is to petition for community enthusiasm and support for a worthy cause; flower boxes for beautification proposed by the community members. Inviting organizations/families/groups/businesses/programs to sponsor (planting and care), a flower box furnished through the CCP Quick-start last spring.

*Quick-start projects: are small, simple projects that can be implemented right away with few or no resources. Quick -start project create enthusiasm and momentum and demonstrate to the entire community that CCP implementation process has started and that their contributions have resulted in change. This reinforces that idea that it is worthwhile staying involved.*

Support and follow through of community plans endorses self-determination in a positive way. The community must see CCP is an opportunity to be heard, have plans documented and started (Quick-Starts completed). At the same time, CCP has a responsibility to promote undertaking and not allow itself to be seen as the source of doing the work; work needs to be completed by the community.

This opportunity endorses community creativity. You may repaint the box, post your logo and name (sign), dedicate the flowers to your cliental, patrons and customers as you desire. However, do not relocate the boxes as they need to be seen in public areas they are situated at. As part of the follow-through CCP would like to advertise your name, print photos of your sponsorship and give thanks in corresponding newsletter.

Respond quickly, as there are 4 flower boxes located in Sagkeeng's: Catfish Creek, Letander Drive, North Shore entrance and Townsite Road. Looking forward to hearing back from you, with a positive decision to sponsor a community flower box this season.

Respectfully,

A handwritten signature in blue ink that reads "Brenda Morrisseau".
