## UPDATE

We are happy to inform the community that the last active case in Sagkeeng has officially recovered today and Sagkeeng officially has no more active cases.

While this is very good news, we cannot ignore the situation in Winnipeg and other areas of Manitoba, and the risk travel to and from these areas pose to Sagkeeng. Despite there being no more active cases in Sagkeeng, we will continue to ask the community to avoid travelling to Winnipeg unless absolutely necessary, and for band members residing in Winnipeg to avoid visiting the community at this time.
